

SING, SING, like you've never sung before. SING, SING, like it'll  
 never be a bore, sing with happiness and practice, PRACTICE,  
 practice, like it's not a chore, why would it be? You love to sing!  
 Let it show let people know. Sing high, sing low, sing here, sing there,  
 You never know whos listening, you never know whos there.  
 Start little, get big. Keep going and going. Use effortless power  
 instead of powerful effort. Make it. Learn it, show it, use it.  
 Keep getting big, keep going strong. Keep going on and on,  
 Don't stop your hydrating! Drink warm not cold! "Don't want  
 to dry out your vocal folds now!" Remember these things  
 that Patrick has said and you'll go far, you'll get ahead.  
 \*SING, SING, SING\* \*PRACTICE, PRACTICE, PRACTICE\* \*HYDRATE\*  
 \*HYDRATE, HYDRATE! ... and you will discover your voice
